Experience

July 2025 - Present

Royal Caribbean Group
Lead Designer. *Miami, Florida*

— Lead Designer for a large-scale private destination project, overseeing design coordination across Architecture, Product & Branding, F&B, and Operations. Streamlined tracking of design deliverables and open items, collaborating closely with external contractors. Delivered detailed digital markups and facilitated efficient project meetings through structured agendas and clear documentation.

Jan. 2020 - July 2025

Gensler
Technical Designer. *Baltimore, Maryland + Miami, Florida*

— **Production:** Worked on SD and CD sets for interior and architectural projects in a collaborative team setting. Demonstrated ability to multitask across multiple projects and phases: mixed-use, residential, office, mobility hub facilities, and workplace interiors.

— **Construction Administration:** Involved from start to finish in the CA of a 964,000 SF mixed-use project in Miami. Responsibilities included reviewing RFIs + submittals, managing internal logs, and maintaining timelines for open items. Conducted site visits to assess on-site progress and address issues.

— **Visualization:** Produced conceptual diagrams, 3D models, and renders.

Volunteer Engagement:

— **Social Media** Champion Miami Office: implemented branding palette and Instagram content to boost visibility without budget allocation. 2022 - 2024.

— **Staffing Leader**: 2022 - 2023.

— **Community Impact Leader:** Allied with DASH to organize an office tour and lecture tosupport our next generation. Coordinated a beach cleanup with Clean Miami Beach to promote environmental awareness. 2024 - 2025.

— **Community Volunteer Engagement:** D4D Design for Distancing. Contributed to a socially driven initiative to revitalize Baltimore's main streets and arts districts during COVID-19. Team: Baltimore Office.

Nov. 2018
-
Jan. 2020

Nichols Brosch Wurst Wolfe
Junior Designer. *Miami, Florida.*

— **Production:** schematic design drawings, diagrams, and 3D models.

— **Coordination:** crosschecked first stage project documents from MEP and Interior Design consultants.

— **Visualization:** translated digital models into physical models through the means of 3D printing fabrication.
